- (1) We calculate funds from operations before minority interest (FFO) in accordance with the standards established by the National Association of Real Estate Investment Trusts (NAREIT). FFO represents net income (loss), computed in accordance with accounting principles generally accepted in the United States of America (GAAP), excluding gains (or losses) from sales of depreciable operating property, real estate depreciation and amortization (excluding amortization of deferred financing costs) and after adjustments for unconsolidated partnerships and joint ventures. Management uses FFO as a supplemental performance measure because, in excluding real estate depreciation and amortization and gains and losses from property dispositions, it provides a performance measure that, when compared year over year, captures trends in occupancy rates, rental rates and operating costs. We also believe that, as a widely recognized measure of the performance of REITs, FFO will be used by investors as a basis to compare our operating performance with that of other REITs. However, because FFO excludes depreciation and amortization and captures neither the changes in the value of our properties that results from use or market conditions nor the level of capital expenditures and leasing commissions necessary to maintain the operating performance of our properties, all of which have real economic effect and could materially impact our results from operations, the utility of FFO as a measure of our performance is limited. Other equity REITs may not calculate FFO in accordance with the NAREIT definition and, accordingly, our FFO may not be comparable to such other REITs' FFO. Accordingly, FFO should be considered only as a supplement to net income as a measure of our performance. FFO should not be used as a measure of our liquidity, nor is it indicative of funds available to fund our cash needs, including our ability to pay dividends. FFO should not be used as a supplement to or substitute for cash flow from operating activities computed in accordance with GAAP.
- (2) Excludes the minority interest attributable to a consolidated joint venture formed in 2008, of which our Operating Partnership owns a two-thirds interest.
- (3) Adjusted Funds From Operations (AFFO) is a non-GAAP financial measure we believe is a useful supplemental measure of our performance. We compute AFFO by adding to FFO the non-cash compensation expense, amortization of prepaid financing costs and straight-line rents, and then subtracting recurring capital expenditures, tenant improvements and leasing commissions. AFFO is not intended to represent cash flow for the period, and it only provides an additional perspective on our ability to fund cash needs and make distributions to shareholders by adjusting the effect of the non-cash items included in FFO, as well as recurring capital expenditures and leasing costs. We believe that net income is the most directly comparable GAAP financial measure to AFFO. We also believe that AFFO provides useful information to the investment community about the Company's financial position as compared to other REITs since AFFO is a widely reported measure used by other REITs. However, other REITs may use different methodologies for calculating AFFO and, accordingly, our AFFO may not be comparable to other REITs.

- (1) Includes the effect of interest rate contracts. Based on actual/365-day basis and excludes amortization of loan fees and unused fees on credit line.
- (2) Secured by seven separate cross collateralized pools. Requires monthly payments of interest only, with outstanding principal due upon maturity.
- (3) Includes \$1.11 billion swapped to 4.89% until August 1, 2010; \$545.0 million swapped to 5.75% until December 1, 2010; \$322.5 million swapped to 4.98% until August 1, 2011; and \$322.5 million swapped to 5.02% until August 1, 2012.
- (4) Represents a \$340 million loan facility, of which \$225 million was funded on March 18, 2008. The remaining \$115 million will be funded on May 1, 2008. Secured by four properties in a separate cross-collateralized pool. Requires monthly payments of interest only, with outstanding principal due upon maturity.
- (5) During the first quarter, we entered into interest rate swap contracts that effectively fix the interest rate on this \$340 million facility at 4.84% (or 4.77% on an actual/360-day basis) effective in the second quarter of 2008.
- (6) Secured by four separate collateralized pools. Fannie Mae Discount Mortgage-Backed Security (DMBS) generally tracks 90-day LIBOR.
- (7) As of March 31, 2008, the weighted average remaining life of our total outstanding debt is 4.3 years, and the weighted average remaining life of the interest rate swaps is 3.0 years. Adjusting for the \$340 million of swaps that take effect in the second quarter of 2008, the weighted average remaining life of the interest rate swaps is 3.2 years. These swaps lower the overall effective hedged rate of 5.20% at March 31, 2008 to 5.18% (based on actual/365-day basis).
- (8) This loan is carried by a consolidated joint venture formed in 2008, of which our Operating Partnership owns a two-thirds interest.
- (9) This credit facility is secured by nine properties and has two-one year extension options available.
- (10) This revolver bears interest at either LIBOR +0.70% or Fed Funds +0.95% at our election. If the amount outstanding exceeds \$262.5 million, the credit facility bears interest at either LIBOR +0.80% or Fed Funds +1.05% at our election.
- (11) Represents non-cash mark-to-market adjustment on variable rate debt associated with office properties.

- (1) Based on BOMA 1996 remeasurement. Total consists of 12,423,811 leased square feet (includes 154,437 square feet with respect to signed leases not commenced), 718,373 available square feet, 73,983 building management use square feet, and 96,726 square feet of BOMA 1996 adjustment on leased space.
- (2) Represents annualized monthly cash base rent (i.e., excludes tenant reimbursements, parking and other revenue) under leases commenced as of March 31, 2008 (excluding 154,437 square feet with respect to signed leases not yet commenced). The amount reflects total cash rent before abatements. For our Burbank and Honolulu office properties, annualized rent is converted from triple net to gross by adding expense reimbursements to base rent.
- (3) Represents square footage adjustments for leases that do not reflect BOMA 1996 remeasurement.
