Douglas Emmett (DEI) Overview

Sharpshooter Focus & Best-in-Class Operating Platform

Submarket Strategy

- ✓ High barriers to entry reduce competitive pressures from new supply
- ✓ Proximity to premier housing markets attracts affluent tenants
- ✓ Small affluent tenants in diverse industries mitigate risk and reduce volatility
- ✓ Dominant market share creates leasing and operational synergies

Fully-Integrated Operating Platform

- ✓ Includes in-house leasing, space planning, legal, construction and design
- ✓ Major competitive advantage with our small affluent tenants
- ✓ Lowers operating, G&A, leasing and tenant improvement costs

Strong Internal and External Growth

- ✓ Better long-term rent growth and less volatility than other gateway markets
- ✓ Our leases benefit from strong 3% to 5% annual rent increases
- ✓ Strong portfolio growth since IPO: office up 56% and multifamily up 78%
- ✓ Ample development opportunities within existing portfolio

The Landmark
Los Angeles

DEI Portfolio Snapshot

Our Properties are located in premium Los Angeles and Honolulu markets

Office Portfolio
18M SF / 80% of Total Annual Rent

Multifamily Portfolio
4,576 Units / 20% of Total Annual Rent

Combined Portfolio
Total Annual Rent

Douglas Emmett by the Numbers

- Founded 52 years ago in 1971
- Approximately 37% average market share of Class A office space in our submarkets
- Largest office landlord in Los Angeles and Honolulu
- Approximately 2,700 offices leases in our total portfolio, with a median size of approximately 2,500 square feet
- Total capitalization of approximately \$7 billion
- Annual revenues of approximately \$1 billion
- Approximately 750 employees
- Annualized 2023 dividend of \$.76 per share and dividend yield of approximately 5.5%

Los Angeles County Economic Highlights

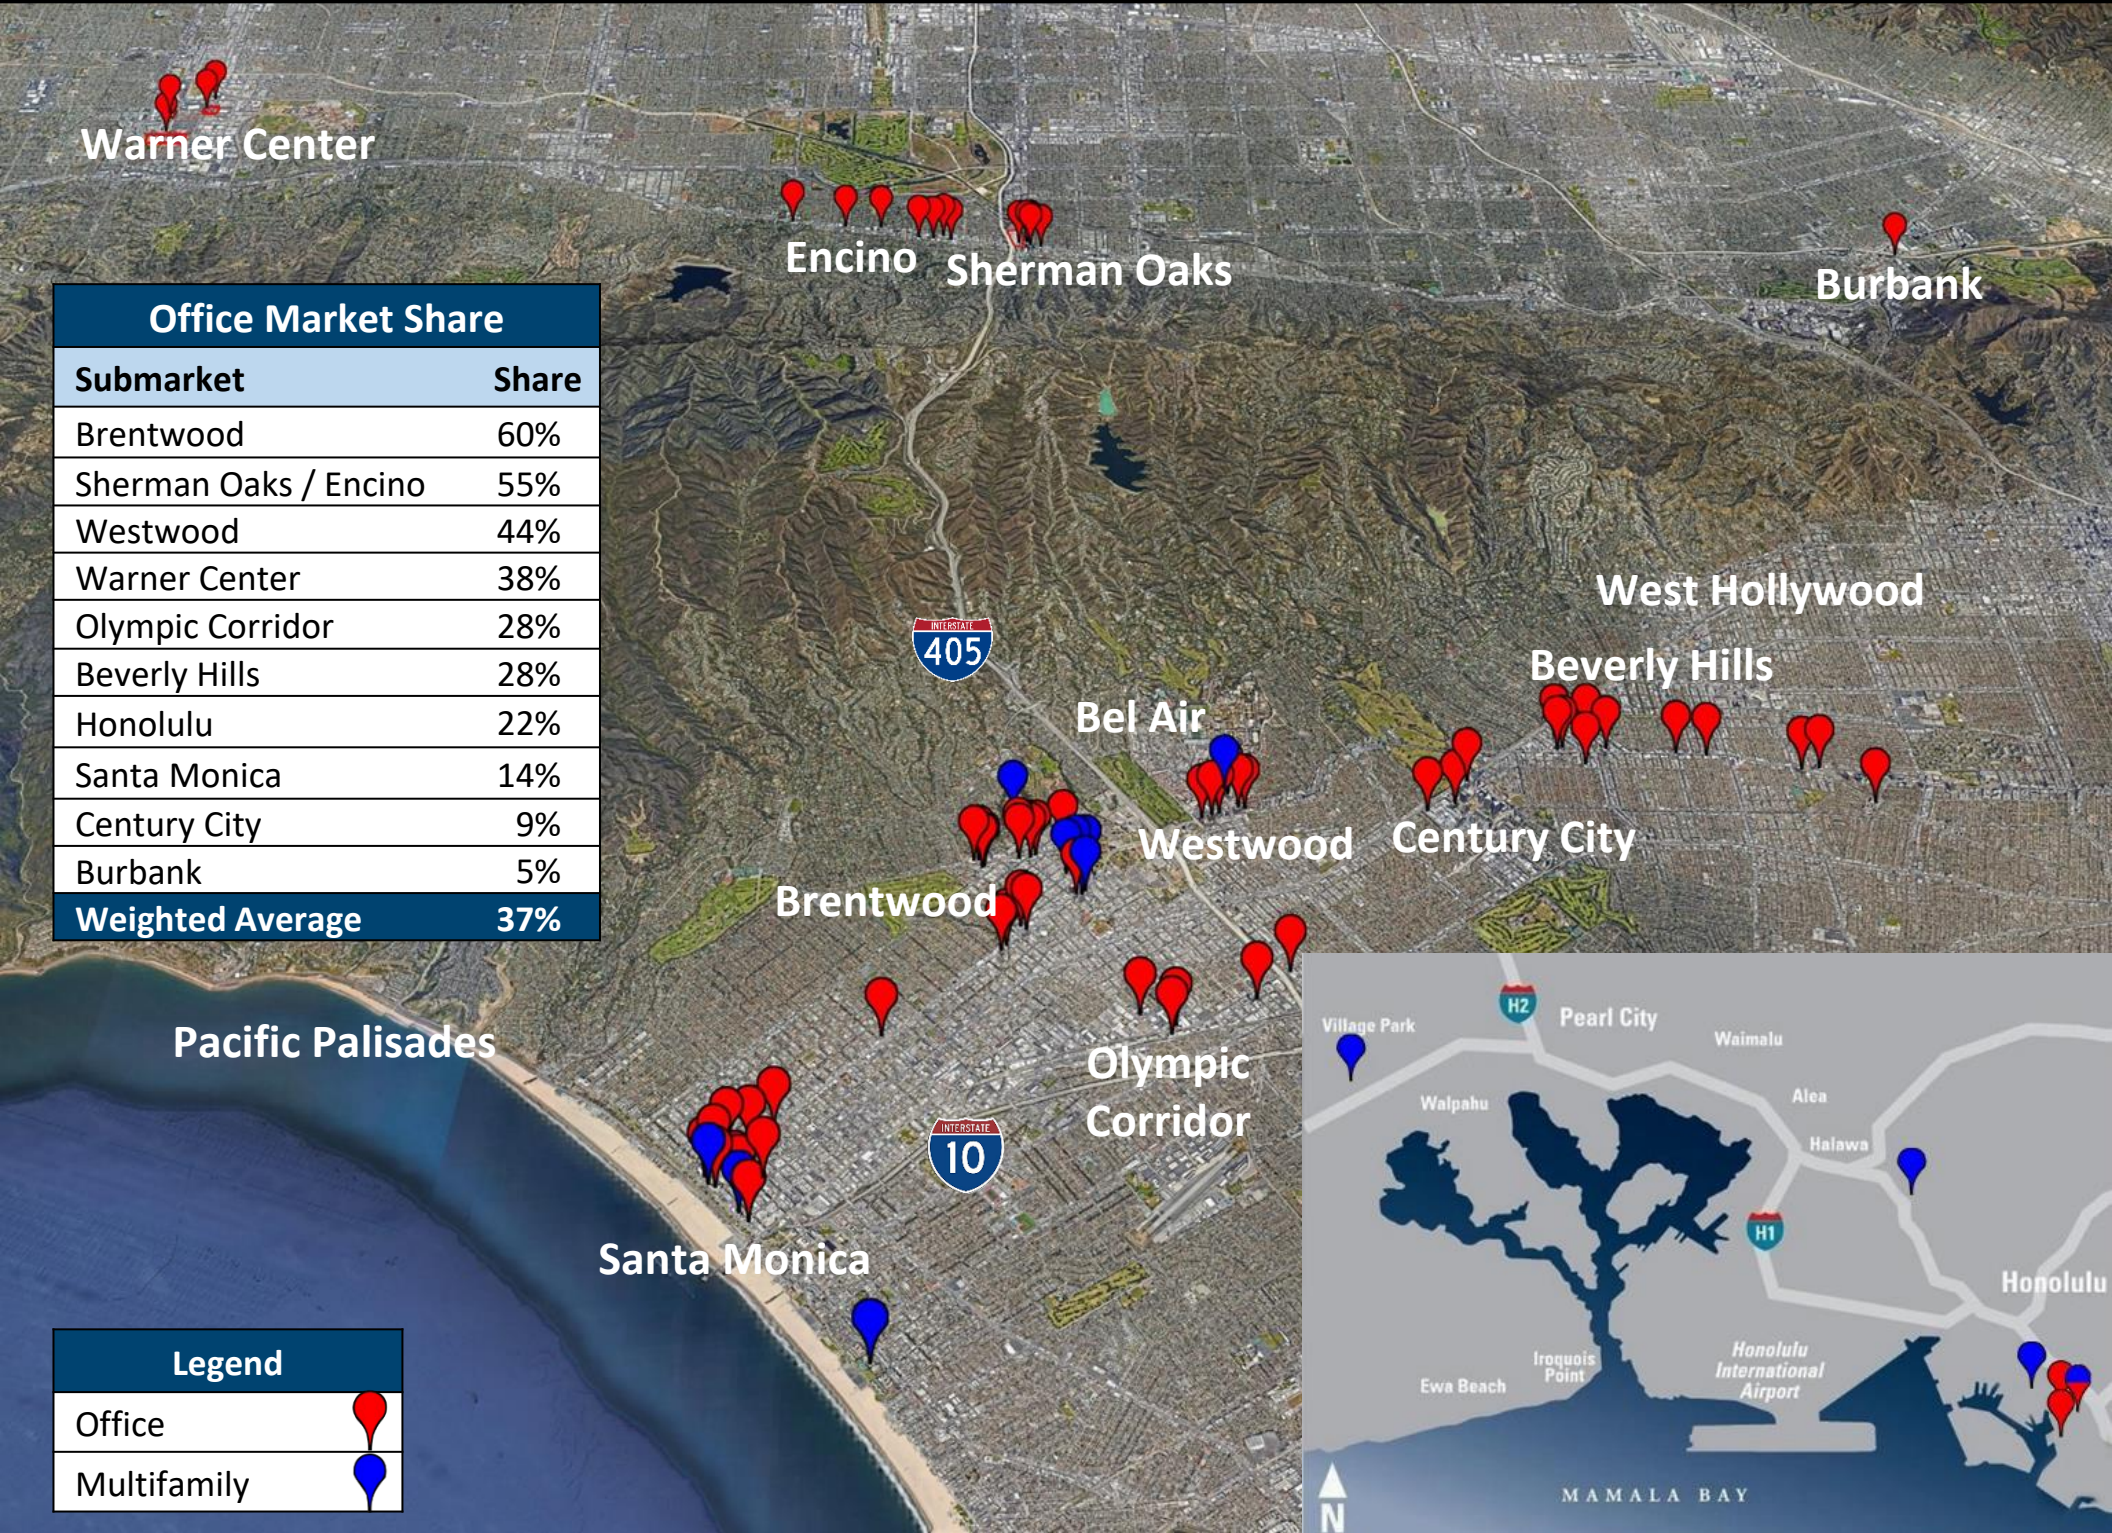

- **Ranks 3rd among the world's cities**, with GDP exceeding \$1 trillion, behind only Tokyo and New York
- **Population of approximately 10,000,000**, more than 43 states
- **World entertainment capital**, with more than 200,000 employed in motion pictures and television
- **Largest U.S. tech center**, with over 350,000 jobs, more than Silicon Valley
- **Largest U.S. manufacturing center**, with more than 365,000 workers
- **Largest U.S. Port**, LA/Long Beach handles 44% of all containerized US imports
- **World's largest higher education concentration**, with more than 112 colleges and research universities, which produce more Ph.D.s and graduate degrees than any other county in America
- **Diverse vibrant industries**, such as international trade, entertainment, tourism, technology, education, healthcare services and manufacturing

Century City	9%
Burbank	5%
Weighted Average	37%

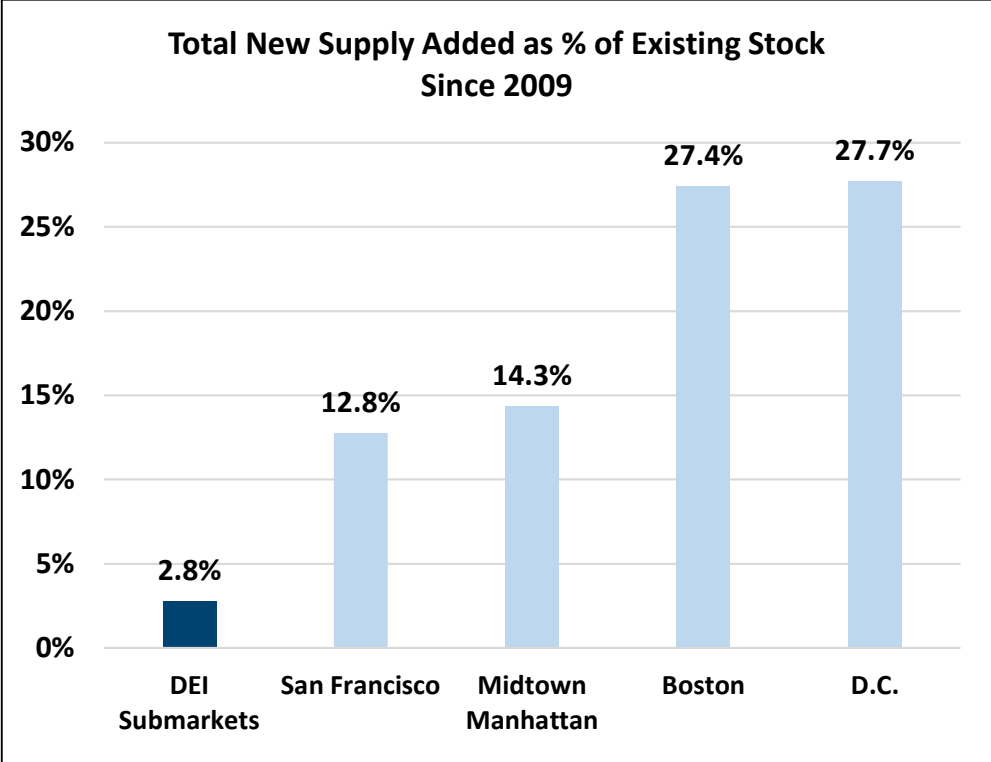

Legend	
Office	
Multifamily	

Our Markets: Highest Barriers to Entry of any Gateway Market In the U.S.

Lowest New Office Construction in Gateway Markets

Historical Office Construction

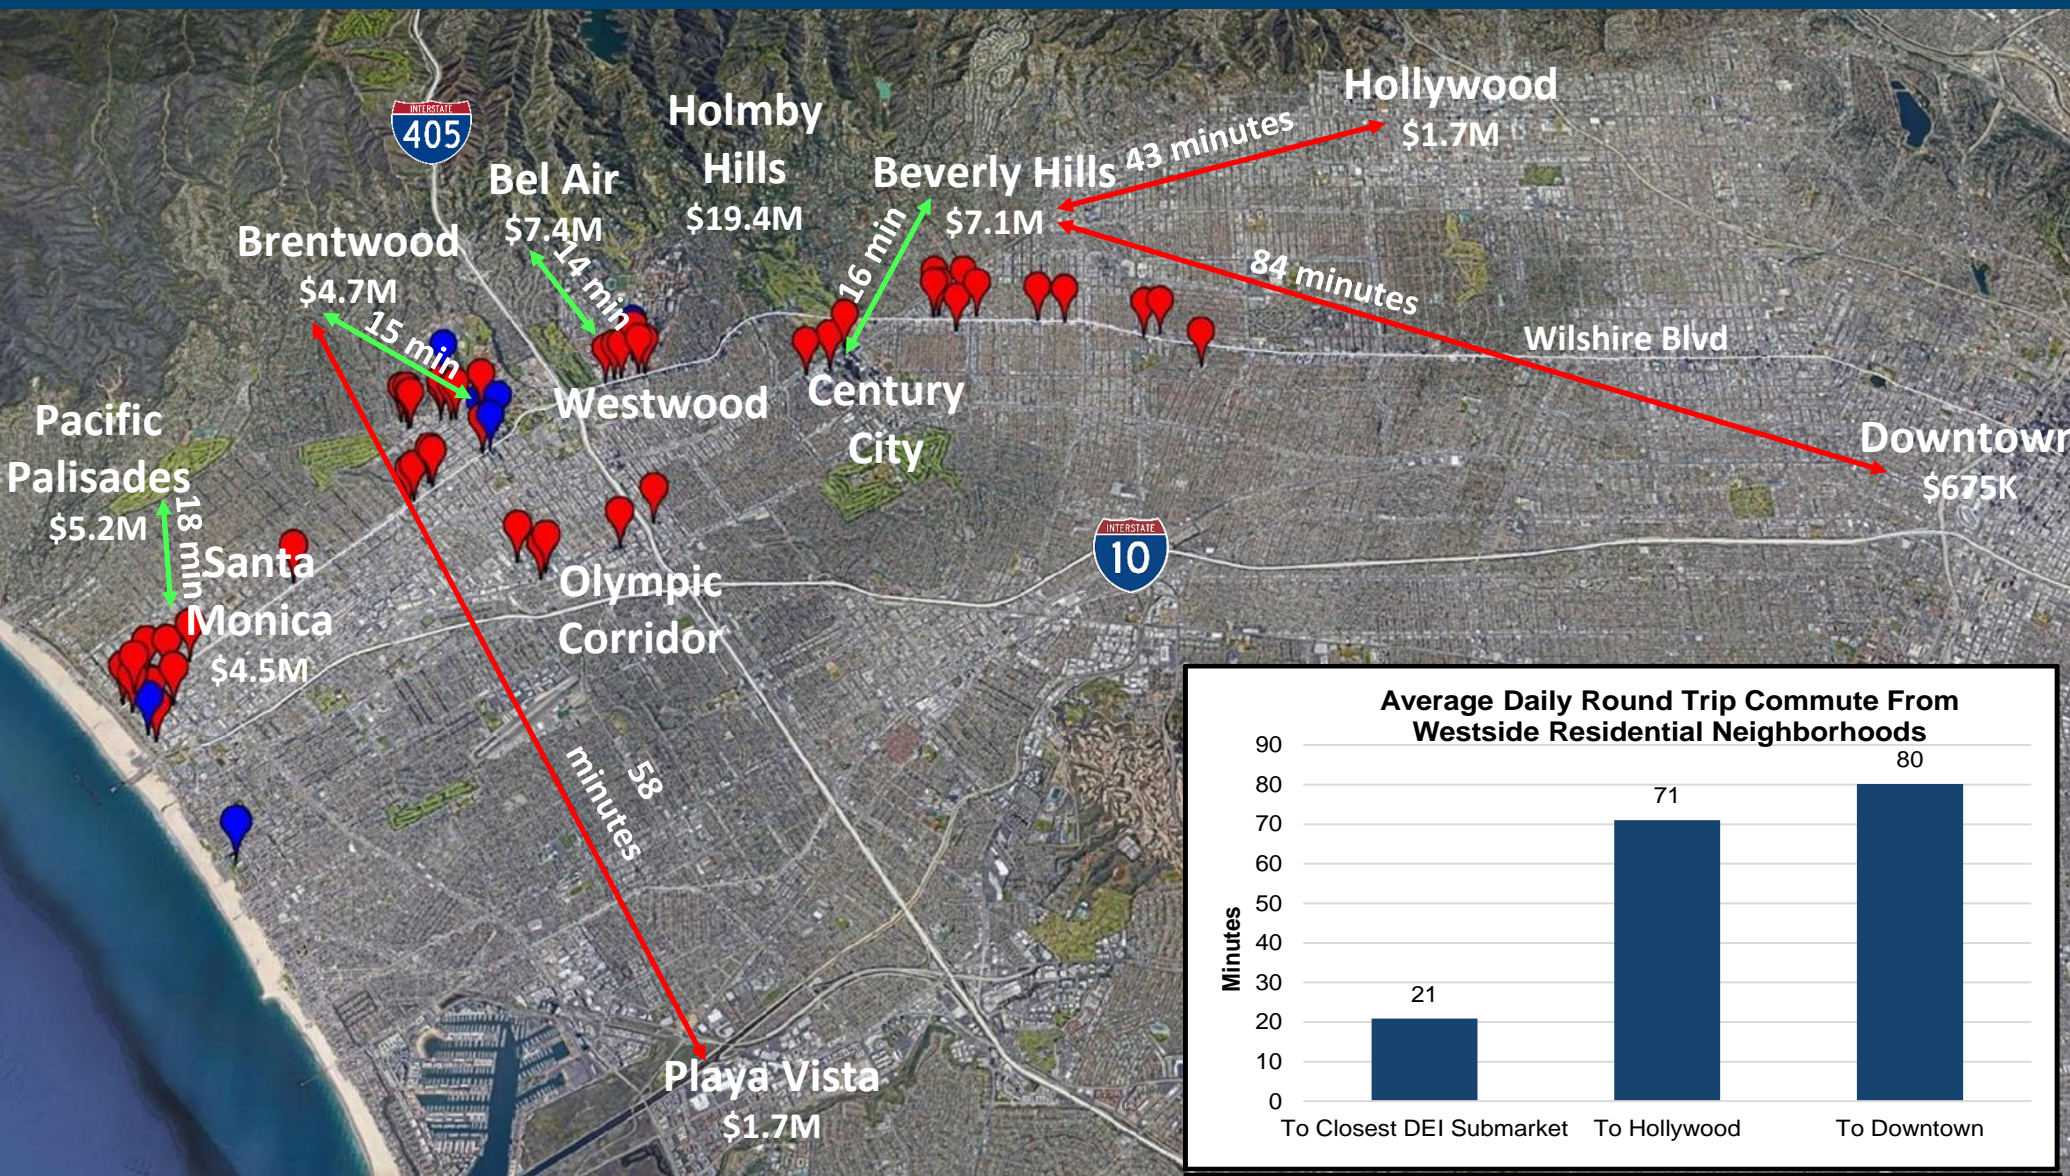

New office development in our Core L.A. submarkets is effectively capped:

- ✓ Restrictive zoning laws and Proposition U (density limits)
- ✓ Potent community “NIMBY” anti-growth sentiment

Our Markets: High barriers to competition from nearby submarkets

LA's heavy traffic limits competition from other submarkets

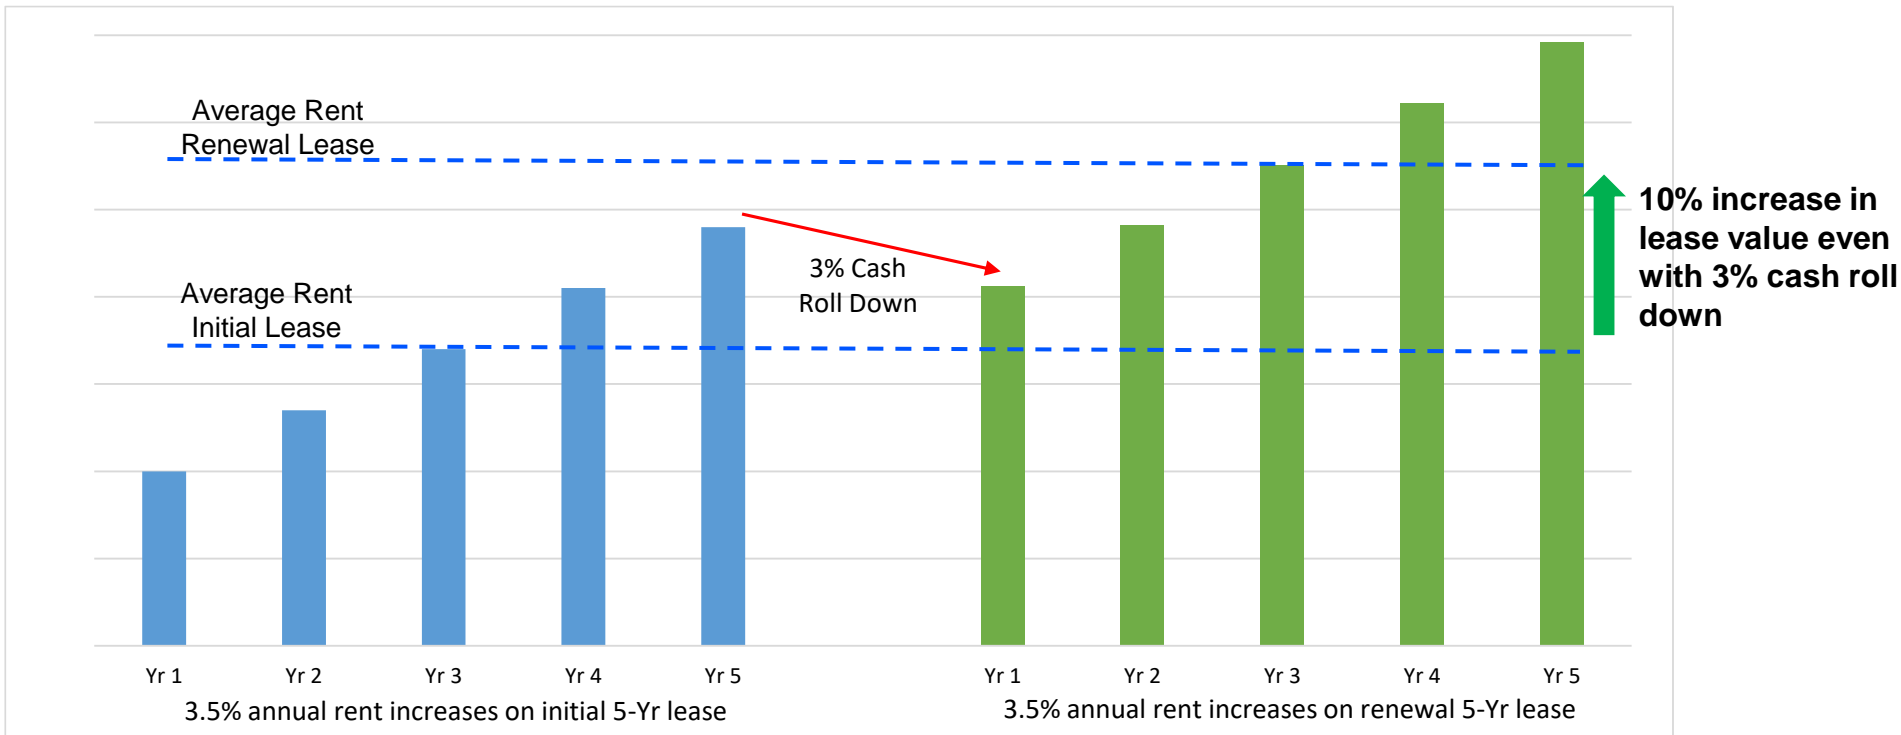

(1) Values represent average sales price for single family homes sold during the prior year (as of Jan. 2024)
 (2) Downtown average price includes condo sales due to lack of single family housing inventory

— Avg. daily round trip commute to DEI market
 — Avg. daily round trip commute to non DEI market

Our Markets: Higher Rent Growth and Lower Volatility

High Annual Rent Escalations Lower Risks

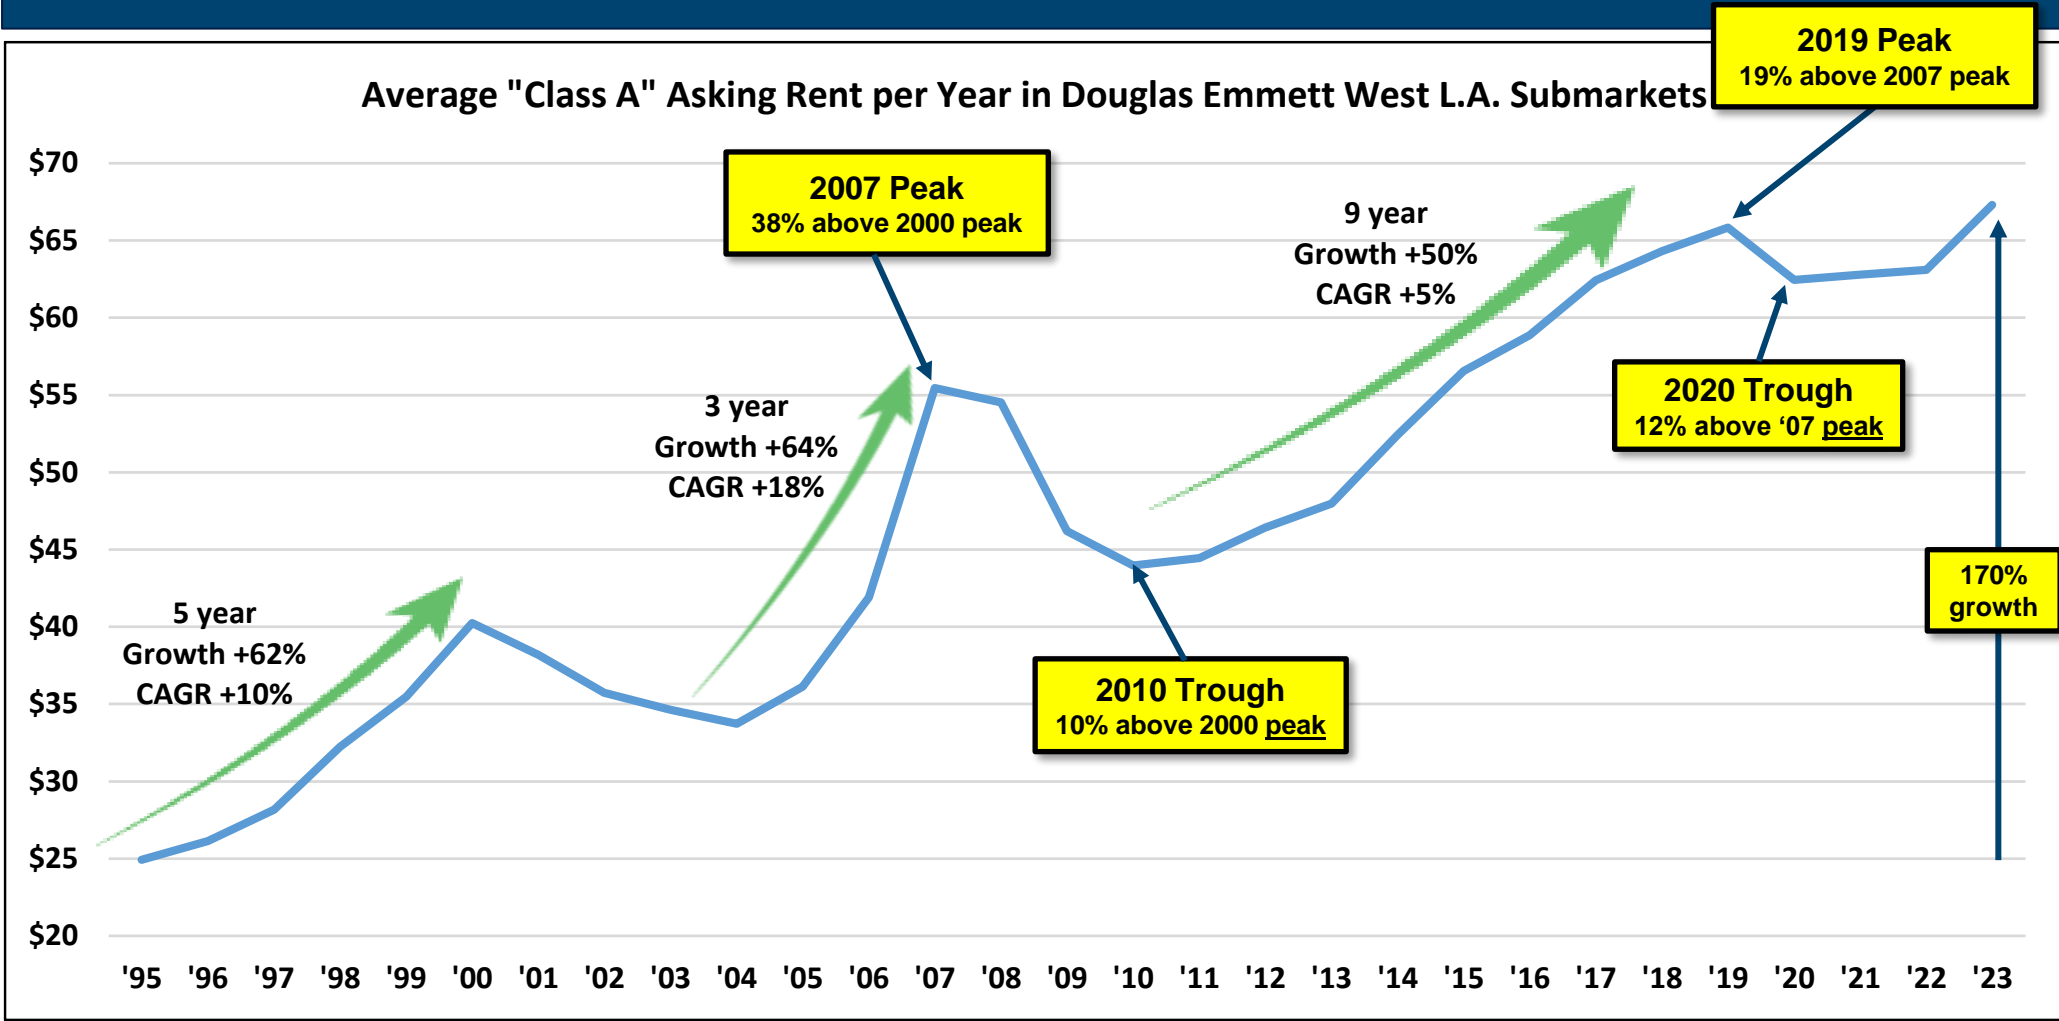

- ✓ Almost all of our office leases contain contractual annual rent increases of 3% to 5%, which:
 - Protects our cash flow during downturns
 - Can accelerate cash flow growth during expansions
 - Allows us to lower starting rents during challenging periods while still increasing the overall value of the lease:

In the example above, the renewal lease has a starting rent 3% below the prior ending rent, but an overall value 10% higher due to 3.5% annual rent increases.

Our Markets: Higher Rent Growth and Lower Volatility

Consistent Rent Growth Over Three Cycles and 27 Years

Rents in our West Los Angeles Submarkets have increased by 170% over the last 28 years, a 3.6% compounded annual growth rate. The best CAGR among all major U.S. gateway markets.

Our Markets: Higher Rent Growth and Lower Volatility

West Los Angeles has demonstrated higher long term growth and less volatility

Better Rent Growth

Lower Volatility Risk

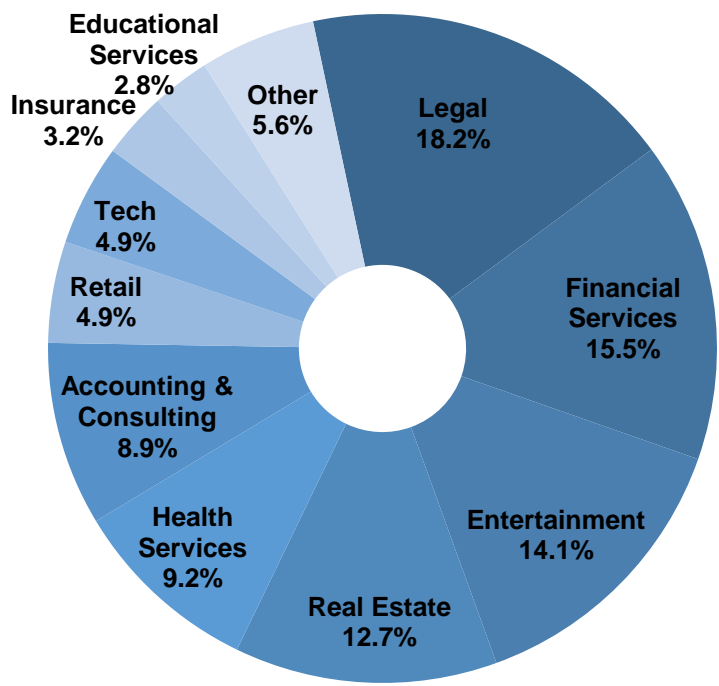

Source: Co-Star.
 * First year of available data for all of the markets, period ending 9/30/2023
 Volatility is measured as the average difference between peak and trough rent over two cycles 2000 – 2004, and 2007 - 2012
 West LA data includes DEI submarkets Beverly Hills, Brentwood, Century City, Olympic Corridor, Santa Monica and Westwood

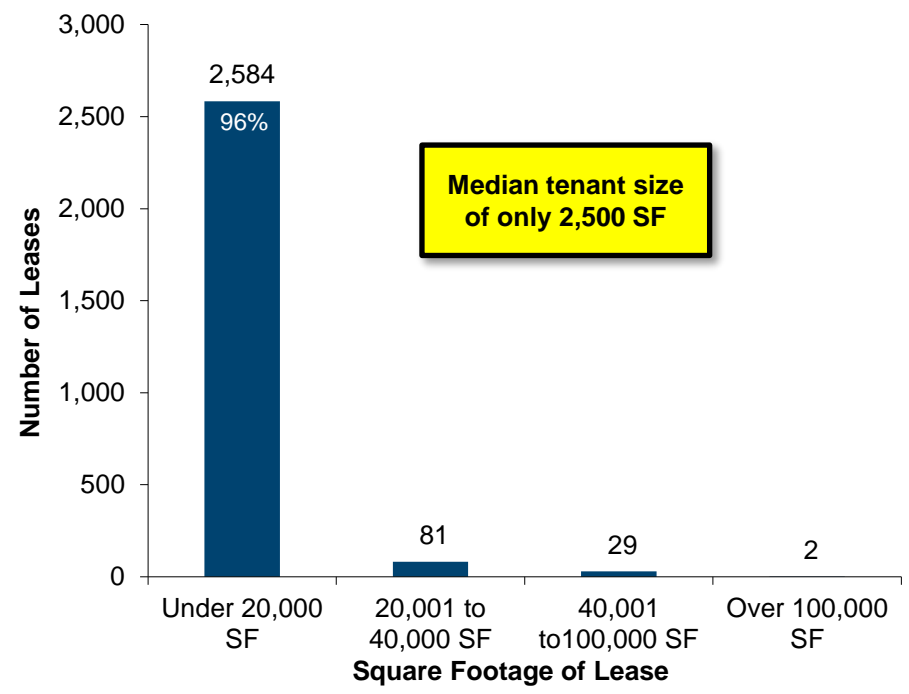

Our Markets: Higher Rent Growth and Lower Volatility

Smaller affluent tenants in diverse industries limits exposure to one tenant or industry

Diverse Tenant Industry Mix

Small Tenant Size

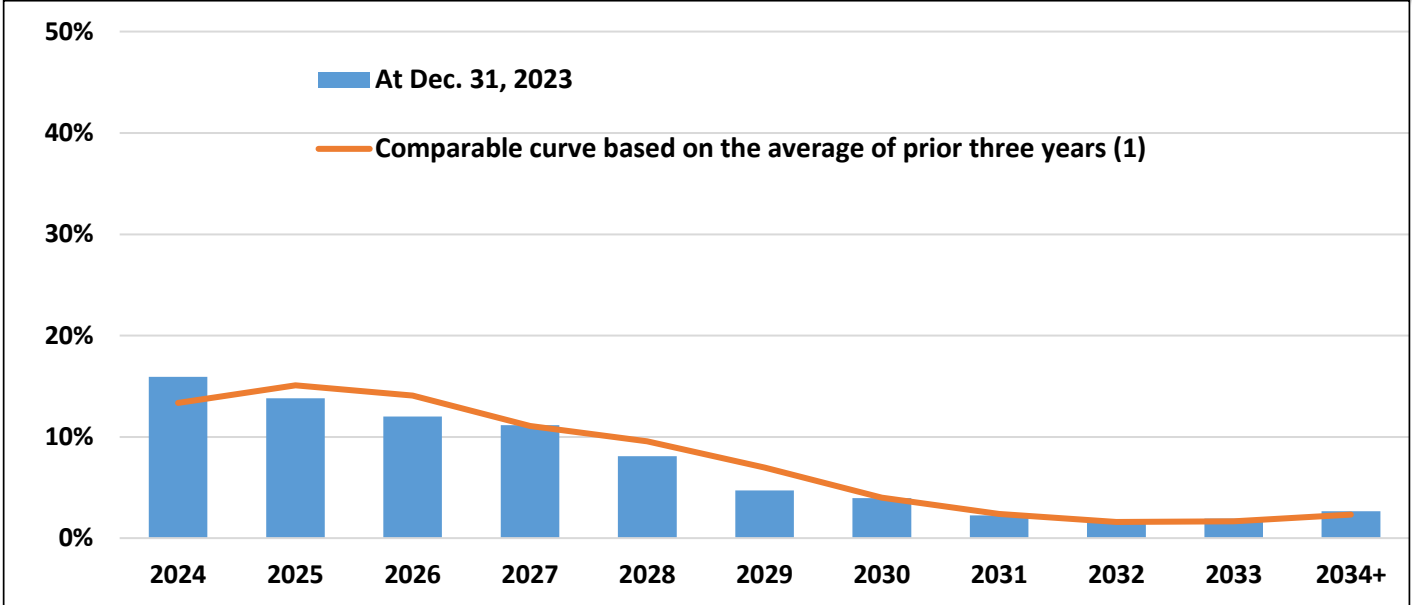

- ✓ The tenant decision maker typically works in our suite and lives nearby, so the significant personal impact makes moving less likely
- ✓ Rent is typically a very small portion of the tenant's revenues and not the paramount factor in their leasing decision
- ✓ Our targeted smaller tenants are willing to pay premium for proximity of home and office and need lower tenant improvement costs

Our Markets: Higher Rent Growth and Lower Volatility

High annual rent escalations and consistent annual roll lower risks

Consistent Lease Expirations

(1) Average of the percentage of leases at December 31, 2020, 2021, and 2022 with the same remaining duration as the leases for the labeled year had at December 31, 2023. Acquisitions are included in the prior year average commencing in the quarter after the acquisition.

- ✓ Consistent annual lease expirations of between 11% and 15% limits our exposure in any single year
- ✓ Almost all of our office leases contain contractual annual rent increases of 3% to 5%, which:
 - Protects our cash flow during downturns
 - Can accelerate cash flow growth during expansions

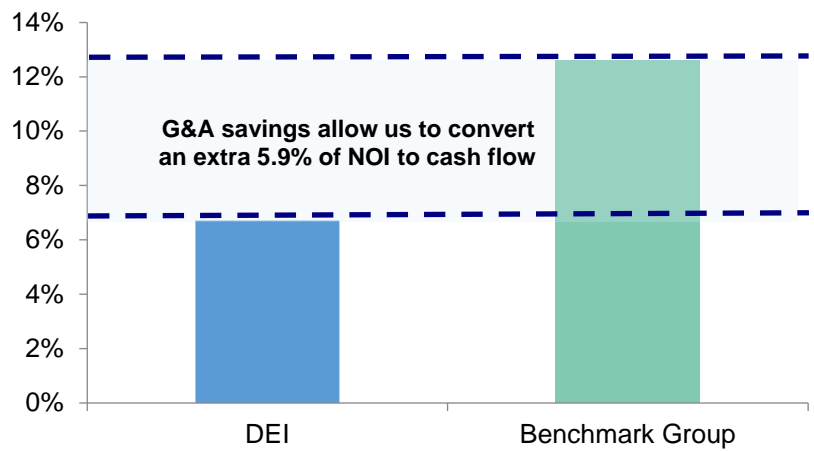

Our Efficient Integrated Operating Platform

Our operating platform minimizes tenant improvements, capex and G&A

- ✓ Our unsurpassed tenant service is a key advantage in handling a very large number of small, affluent tenants
- ✓ Our in-house leasing agents and lawyers execute about 3 office leases and 9 residential leases each business day
- ✓ Our average tenant moves into occupancy less than four months after initial contact
- ✓ Our internal tenant improvement, design and construction team standardizes build outs and compresses vacancy time, resulting in lower costs and easier transitions for tenants inexperienced in office build-outs
- ✓ By keeping our G&A and recurring leasing costs low, we typically converted between 12% and 20% more of our NOI into cash flow than our Benchmark Group.

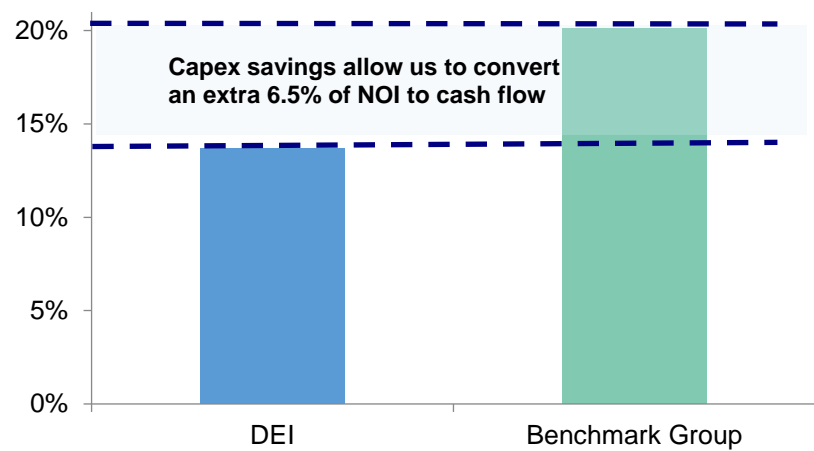

Efficient Management and Overhead

Efficient Operating Model

Recurring TI, LC and Capex as Percent of NOI ⁽¹⁾

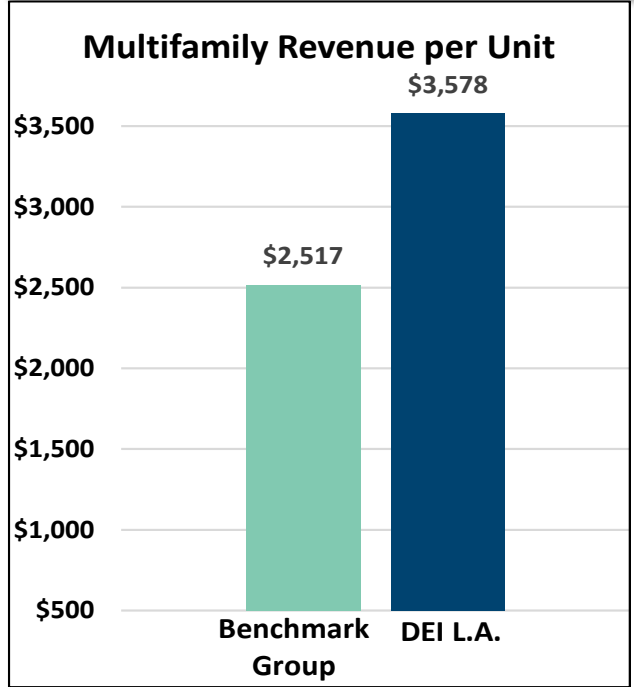

(1) Q1 2014 through Q3 2023. Benchmark Group include BXP, HPP, KRC, PGRE, SLG, and VNO.

Our Multifamily Portfolio

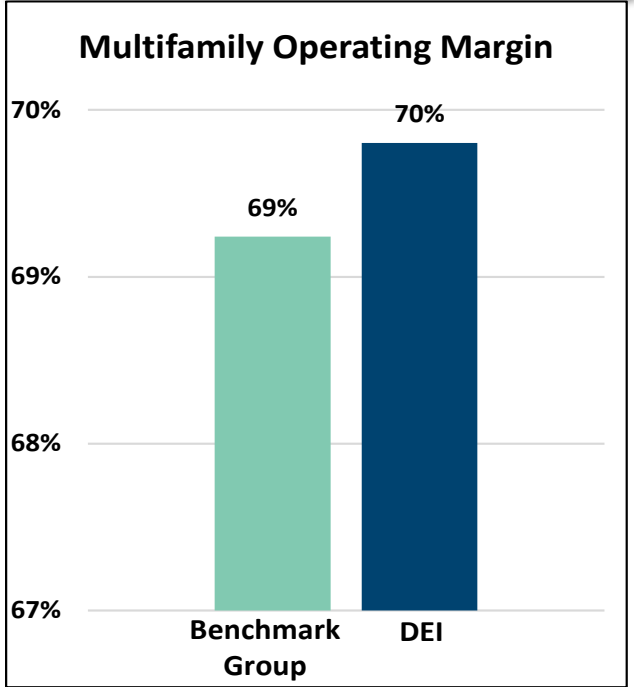

Our premium multifamily assets outperform in revenue and operating margins

- ✓ We own 14 multifamily properties with 4,576 total units in high-barrier premium submarkets in West LA and Honolulu
- ✓ Our apartment communities command premium rents and produce above average operating margins

Premium Properties

Efficient Management and Overhead

Disciplined Balance Sheet Management Strategy

Non Recourse Debt, Best Pricing from Lenders and Refinancing Flexibility

Our Approach

- ✓ We only use property level, non-recourse debt without corporate or rating agency covenants
- ✓ We set leverage at levels that merit best pricing from banks and insurance companies
- ✓ We retain flexibility in choosing when to refinance by negotiating 18 to 24 month cost free refinancing windows

The Results

- ✓ We were one of only a few REITs which was not forced to issue dilutive equity in the last recession
- ✓ Our average annual fixed interest rate is only 2.65% and next term loan maturity is not until December 2024
- ✓ In 52 years (35 years private, 17 years public), we have never defaulted on a loan or had litigation with a lender

Limited Upcoming Debt Maturities ⁽¹⁾

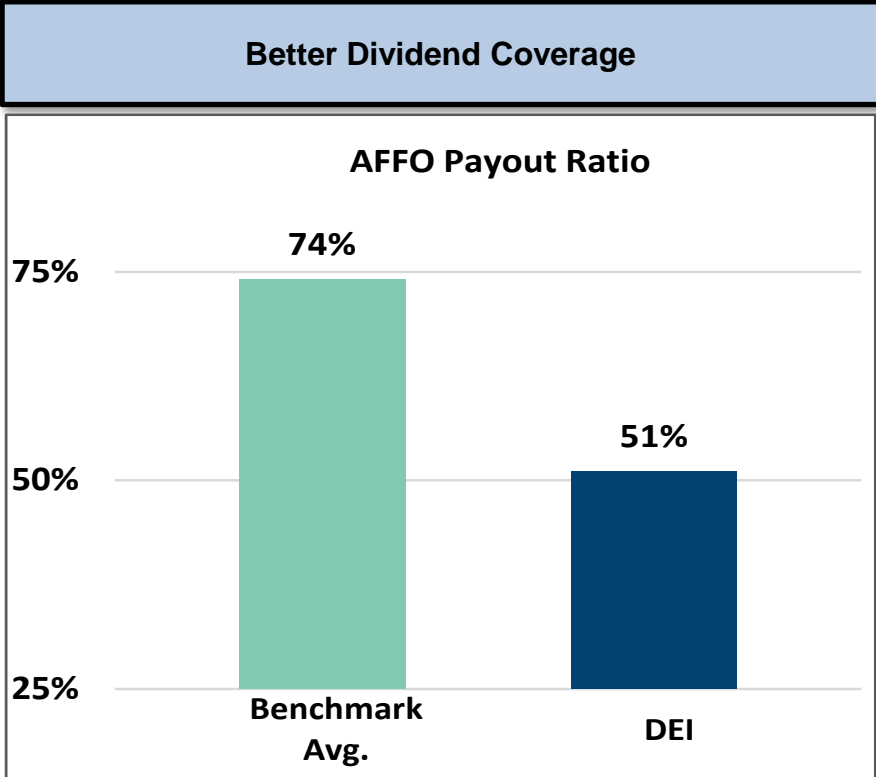

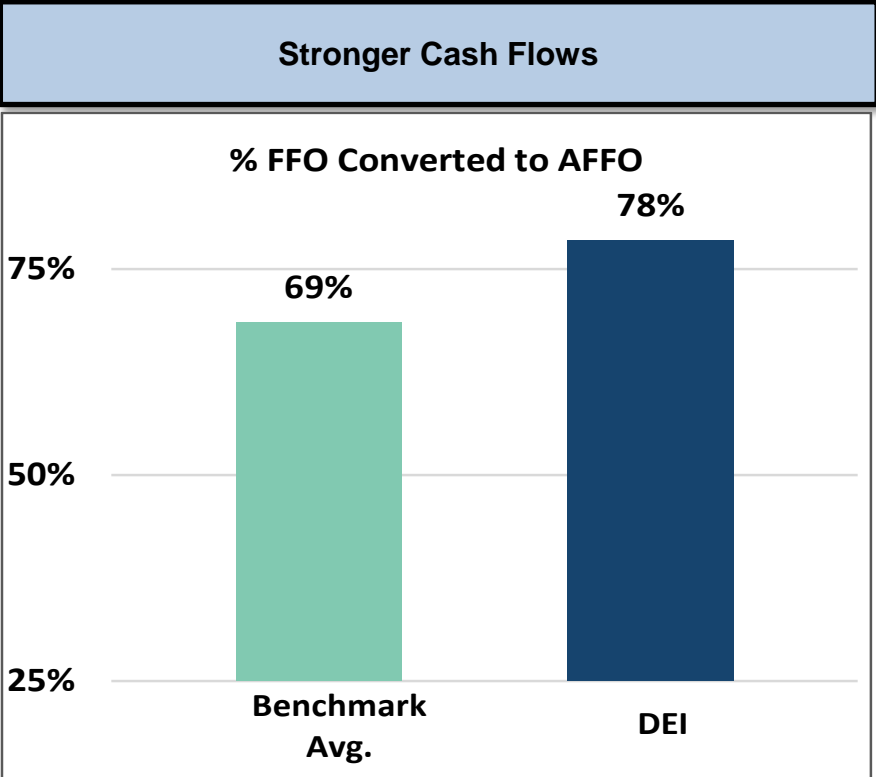

(1) Includes our share of our consolidated debt

Disciplined Balance Sheet Management Strategy

Strong operating cash flows and excellent dividend coverage

- ✓ By keeping our G&A, recurring capex and straight-line rent low, we convert a higher percentage of Funds from Operations (FFO) into Adjusted Funds from Operations (AFFO) and cash flow
- ✓ Even after paying significant dividends, we generate meaningful cash to use for acquisitions and development

Trailing 4 quarters ended 9/30/23.

Benchmark Group include BXP, HPP, KRC, PGRE, SLG, VNO

Commitment to Sustainability

Our sustainability programs are both socially responsible and good business

Our long-term focus on energy savings has resulted in a very efficient portfolio. All of our buildings save energy through LED lighting, automated energy management systems and real time energy usage software.

We continue to improve on this strong foundation. In addition to short term goals for individual buildings, we have set two key long-term sustainability targets for the company:

Goal	Status
To have 75% of our stabilized eligible office space qualify for “ENERGY STAR Certification” by the E.P.A.	<p style="text-align: center;"><u>Exceeded</u></p> <p>✓ More than 92% of our eligible office space qualified for “ENERGY STAR Certification” as of December 2022. Meaning they perform in the top 25% of all office buildings measured by the E.P.A.</p>
To reduce our electricity usage per square foot by 10% between 2019 and 2029.	<p style="text-align: center;"><u>Ahead of schedule</u></p> <p>✓ We have reduced our per square foot electrical usage by 19% since 2019. The pandemic kept our building utilization below normal levels and we expect to achieve more normalized reductions once tenants have fully returned to work.</p> <p>✓ Our cumulative 12 year reduction from 2009 (the first year with reliable data) is over 36%.</p>

Commitment to Our People

Our human relationships are our most valuable assets

We strive to create an environment which honors our employees, tenants and vendors:

Our Promises	Every new employee is given a copy of the Douglas Emmett Promises, a set of 15 key commitments that we strive to embody each day.
Strong Ethics	We insist that our directors and employees conduct themselves in accordance with the highest moral and ethical standards, informed by a robust Code of Business Conduct and Ethics.
Fairness	We are committed to ensuring a fair workplace for our employees as well as partners with whom we do business. We have strict policies to protect against discrimination and harassment.
Communication	We maintain an Open-Door Policy to encourage communication to resolve any employee concerns; employees can also contact members of our board or use an anonymous hotline.
Ownership	To empower our team members to act and feel like owners, we have provided equity compensation to two thirds of our employees.
Benefits	We avoid the use of independent contractors or part time employees to provide our essential services; except at the request of the employee, all of our employees work full-time with full benefits.

Diversity & Inclusion

Our team reflects a commitment to hiring the best regardless of race, ethnicity, or gender

*Represents the local labor force in Los Angeles and Honolulu Counties, weighted by the proportion of our employees in each county
